

Service Children Letter from the DfE for Cranbrook Education Campus Primary

The Department for Education (DfE) are collecting data on whether a child has a parent or parents who are Service personnel, serving in regular HM Forces military units of all forces and exercising parental care and responsibility. The MoD is aware that the DfE are collecting this data.

This information is being collected nationally as it will be used to identify both the impact that being a Service child has on their education and the impact that catering for Service children has on the school. Please note, however, that data on individual pupils is not being shared with the MoD.

Thank you for your help with this data collection.
