

THE WEEKLY UPDATE

WHO WE ARE

We are a school rooted in its community where aspirational learning and opportunities transform the lives of our pupils.

Our Mission is to transform lives and strengthen our communities to make the world a better place

Dear CEC families

Pupils have had lots of **opportunities** this week. This week got off to a great start with pupils from Years 6 and 7 representing the Campus at the Ted Wragg Trust Innovation Competition which followed our English as an additional language (EAL) pupils' breakfast and a STEM trip to The Maynard School by a group of our Year 10 girls on Friday. Then on Tuesday we hosted the East Devon and Exeter LGBT+ Schools' Groups Gathering. Four amazing **opportunities** for our pupils and more details about each within.

This evening we look forward to celebrating with our Year 11's at their Prom which is being hosted at Exeter Golf and Country Club. Thank you to Mrs Alex Hawkins and Mrs Charlotte James for organising this lovely **opportunity** for our pupils to end their time at the Campus in style. We will share some images of this via our social media channels next week and we will also be uploading our 'Year 11 Goodbye' video to our YouTube channel.

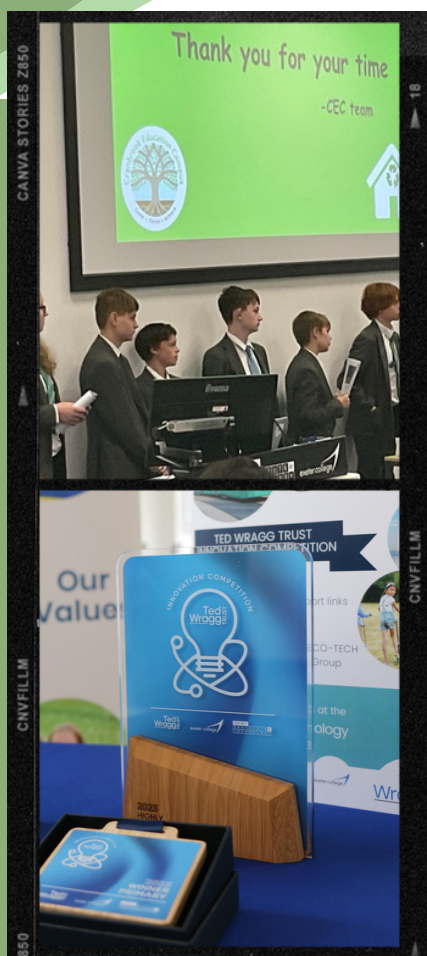

We are super **proud** of all our pupils who have sat assessments this week and continue to be impressed by Year 10 who have really stepped up and demonstrated their **engagement** and **readiness** with their PPE's. Well done!

Next week, we look forward to several exciting **opportunities** including; Sports day on Wednesday 12th July, our Year 6 into 7 transitions days which will take place on Tuesday (enhanced transition), Thursday and Friday, and the brilliant Crastonbury performances which will be taking place during the week on Monday, Tuesday and Thursday, and at the wonderful community PTA summer fair, which will be running from 15:15 on Friday 14th July. Which teacher will receive the most money in their bucket for an ice-cold dunking? Will it be Mr Rob Ansell or Mx Oliver Russell? You will have to come along to find out!

Let's hope the sun returns this weekend!

Kind regards

Mr Stephen Farmer
Head of Campus

ADDITIONAL GOVERNORS REQUIRED

We are looking for some additional governors to join our local governing body at the Education Campus. We are looking for governors who are either currently working in a leadership/managerial role or who is an aspirant leader/manager to give them some additional experience. We meet 6 times per year during business hours (08:30-10:30) to review school progress against our priorities. The LGB are there to both scrutinise, hold us to account and support us with our developments. We will be running a separate process to elect an additional parent/carers governor, this request is for non parents/carers so please share with your networks.

TED WRAGG INNOVATION COMPETITION

On Monday 3rd of July our very own Innovators (both Primary and Secondary) represented Cranbrook Education Campus at the Ted Wragg Trust Innovation Competition. An annual event where budding young engineers are invited to present solutions to a range of modern day challenges. This year our teams both chose to investigate net zero living, the goal of creating a living space with very little impact on the environment. There was strong competition from many of the other schools, however our pupils were lauded for their research and in-depth knowledge of the problem investigated. We are immensely proud of our innovators and look forward to competing next year.

LGBT+ SCHOOLS' GROUPS GATHERING

This week, on Tuesday, schools from across East Devon came together with their pupils to spend a day learning about LGBT+ inclusive industries. Students heard from the University of Exeter about the inclusiveness of STEMM, GWR all about inclusive customer service and an E-commerce expert about writing the ultimate blog post. The event provided a wonderful opportunity for students to learn lots about different industries and get to know other students from the local area.

MUSIC EVENTS

We are very proud of all the pupils who have been rehearsing for Crastonbury and various other music events this week.

STEM PROJECT

Jamie-Lee, Victoria, Amelia, Julia and Katie attended a STEM project at The Maynard school last Friday. They had to design and build an efficient remote controlled conveyor belt and compete against teams from various schools including St Peters, The Maynard, West Exe, Isca and Tiverton.

When it came to presenting their final product to everyone who attended, they spoke with confidence and humour. They held their breath when switching on the conveyor belt in front of everyone and were relieved when it worked first time!

Despite not winning the event our Cranbrook team received huge amounts of positive feedback from both students and staff regarding their choice of logo, their mini prototype, group work, determination and professionally delivered presentation. They certainly did our school proud and the name of their product? #Crantastic!
