WE'VE GOT NEWS FOR YOU!

SPRING TERM 2026

CEC SUM UP

This term we've had various events taking place on campus. We've had 3 bake sales, with some delicious treats being sold, as well as the showcase of Shrek the Musical, which students and teachers have been practicing all term. Eco Club have also been really pulling out all the stops, with tree planting and have joined with pupil parliament to tackle litter in our local area. We're sure everyone is glad that assessment week is finished too and we hope everyone enjoys their easter break!

CRANTASTIC TEACHERS

When we asked Mr Pepperell about how he felt about being our Assistant Headteacher, he confirmed that he really enjoys it, which it explains his persistent enthusiasm. He's also been a teacher for twenty years and is now teaching the teachers! Weird right? Mr Pepperell said that the reason he became a teacher is because when he worked at a hospital, as part of his job he trained the doctors how to complete microbiology techniques, and he decided he'd actually like to teach people science full-time.

If he wasn't a teacher he would like to own a coffee shop (we're not sure if we'd eat the cakes- he'd probably burn them!).

Mr Pepperell said that when he achieves success he mostly keeps it to himself, as he hates it when people celebrate at someone else's expense, which is a fair point if you ask us!

Finally, if he was a sea creature, Pepperell said he would be "an octopus because they can adjust quickly". Imagine Mr Pepperell as an octopus.

CEC TIME TRAVEL

We can tell the future!

Next term Year 9 will be completing their Duke of Edinburgh award by taking part in treks across Devon. We also have activities week to look forwards to, including a trip to Paris for some of the Year 9s and a trip to Poland for Year 10 History students, alongside many other exciting opportunities. We're all looking forwards to the Drama and Music showcases at Crastonbury and the new production of the Little Mermaid!

PET PERSONALITIES

Miss Moorhouse's family have an array of pets like goats, sheep and chickens, as well as two springer spaniels called Emmy and Gus! Her nephew Bastien has been very pleased to find eggs for his breakfast recently. What lovely spring time images!
